WORK EXPERIENCE

Qualiti7

Oct. 2022 – Present

Student Programmer

Truro, NS (Remote)

- Qualiti7 is an IT consulting and training firm.
- Spearhead application development and support as a software developer over short development cycles.
 - Developed applications for internal use by trainers and administrators in JavaScript.
 - Update and redesign applications according to client specifications from oral and written communications.
- Update and modify websites owned and operated by Qualiti7 within a team of developers.
 - Redesign website pages to match client criteria collected through contextual communications.
 - Proactively manage real-time content updates on a dynamic website within a fast-paced and evolving landscape.
 - qualiti7.com, iq7conference.com

NSCC

Oct. 2024 – April 2024

Game Programming Tutor

Truro, NS

- Tutor for students in NSCC's "Game Programming" and "Game Art" programs focus on helping to teach tasks relating to Unity, Mathematics, or programming.
- Counseled students on their academic performance, areas of weakness, and how to improve those areas.
- Taught students mathematical concepts such as order of operations, modulo, and probability.
Additionally, I taught students programming concepts such as recursion and memory management.
